To the green roads of the Never Old.

These lines of Edwin Markham's could well have been written for our faithful friend and true citizen, Betty Burns Thurston.

For more than fifty years she has given her best to the people of Bethel. She shared the responsibilities of the rich and the problems of the poor. Many a young mother has had her load lightened and her worries lessened by Betty's wise counsel and suggestions. Many a deserving student owed his opportunity to attend college to Betty's accurate judgment and intervention in his behalf.

She shared the confidence and trust of professional folk and served them well. No menial task was beneath her warm heart and her capable handa. Take a tip from the experts . . . In their own words . . . and from on-the-record facts and figures: More than ever, Chevrolet gives you more than any other of the leading low-priced three! More room to relax in, for instance. A sampling of official dimensions reported to A.M.A.* makes this clear. Chevy front seat hip room, for one thing, is up to 5.9 inches wider than comparable cars. And Chevy even offers more front and bead from than all but front seat head from than all but one of the high-priced cars!

Best Brakes Not only bigger, but built with bonded linings for up to 66% langer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a

NASCARt-conducted test of re-peated stops from highway speeds.

Best Style It's the only car of the leading low-priced 3 that's un-mistakably modern in every line. "In its price class," says POPULAR ECIENCE magazine, "a new high in daring styling."

Hest Engine Every motor mag-szine has given Chevrolet's atand-ard and Corvette V8's unstinted praise. As SPORTS CARS ILLUS-TRATED puts it: "... surely the most wonderfully responsive engine available today at any price."

Best Ride MOTOR TREND magazine calls Chevy ". the smoothest, most quiet, softest riding car in its price class." You'll be

able to tell this yourself instantly, once you take the wheel.

Best Economy No doubt about this: two Chevrolet 6's won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car, 22 38 miles per gallon-with Powerglide.

Bost Trade-In Cheek in any N.A.D.A.1 Guide Book, Chevy used car prices last year averaged up to \$126 higher than comparable mod-cls of the "other two."

"As a result of selentific streics of road neridents and e ageniou made by traffic eng.neers, we can devise better riethods of road design and traf-fic control," he says.

"But, the human factor still is preatest problems.

"For example, needleration and deciciation lanes are provided at many intersections to amount the flow of traffic. Yet tione drivers use there emple mental lanes improperly or not

at all,

"We use precise calculations to time traffic signals based on traffic volumes and the average time required for a rehiele to pass through the intersection. But drivers who fail to start up promptly when the light turns green cantribute to a 'back-up' of traffic which may extend over the entire period of peak traffic flow."

Terfficulturals timed in a bree.

Traffic alguals timed in a "progreened' manuer also are made according to Hard "Impatient drivers who execut the posted speed cause increased income and delay for all traff. and gain little or nothing in travel line.

"Inne straddling, impress parking and many other theighters acts by materials and pedicitines also bely destroy the effectiveness of entry and effectiveness of entry and effectiveness themselves to the test by the engager," themselved.

# Good Printing Serves EVERYBODY

Good printing is a necessity in all forms of business. It can cave hours of work, speed up routine tasks, eliminate common errors and help to avoid misunderstandings and costly de lays or actual toss of business revenue.

Good printing is a convenience in the home, Inexpensive personal stationery is not only economical and in good taste but it is plain "good businem" whea used for other than social purposes. One's name and address clainly printed offer exact information of your identity in oceasional correspondence,

The latest in modern business forms can be adapted to use in many comparatively small bustnexes. As a matter of economy of time and money, it will pay to cee what we can do for you in this line.

Remember that printed matter can in bought at widely varying prices. The largala bunter can only hope to get his money's worth, The cost of good printing aced not be high, and the buyer is amured of satisfac-

It will be of advantage to all users of printed matter to consult on before buying. We can cupply calendars, HGR and one time carbon forms, many kinds of forms and office suppiles promptly and teenemically.
